

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

92413-1

Date of Issuance:

3/6/23

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional, Time-Limited
 Expires: 3/6/2025

Name of Pesticide Product:

Tevra Fipronil + Methoprene Spot-on for Cats

Name and Address of Registrant (include ZIP Code):

Tevra Brands, LLC
 c/o Pyxis Regulatory Consulting
 Ann Tillman
 4110 136th St. Ct. NW
 Gig Harbor, WA 98332

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Autumn Metzger, Acting Product Manager 4
 Invertebrate-Vertebrate Branch 1
 Registration Division, Office of Pesticides Programs

Date:

3/6/23

2. This registration is time-limited and expires 3/6/2025.
3. You must submit quarterly enhanced incident reports and quarterly sales information in doses sold for this product beginning within 3 months of the date the product is first released for shipment, on the first day of the quarter (i.e., January 1, April 1, July 1, or October 1). Please flag any Confidential Business Information as such. Submit enhanced incident reporting and quarterly sales information to the Product Manager's attention. The following is a list of information that must be included in the quarterly reports for each incident:
 - EPA Registration Number
 - Product name (brand name)
 - Lot #
 - Where purchased: internet, store, veterinarian
 - Active Ingredient(s)
 - Weight range for product
 - Date on which incident occurred. (mm/dd/yyyy)
 - State in which the incident occurred. (standard 2 letter abbreviation)
 - Registrant case #
 - Species: dog, cat, other (specify)
 - Breed: (as reported by pet owner)
 - Age: months or years
 - Sex: M, F, or neutered
 - Weight: pounds
 - Primary Route of Exposure: dermal, oral, other animal, inhalation, other
 - Body System: neurological, dermatological, GI, respiratory, ocular, other
 - Major signs noted with separate column for each sign, using standard terminology
 - Time to Onset: (hours, days)
 - Treated by veterinarian: yes or no
 - First time product used: yes or no
 - Misuse: use on incorrect species, overdose, too frequent dosing, other (describe)
 - Any known precondition
 - EPA Severity Code: death, major, moderate, minor
 - Outcome: died, recovered, still treated, unknown
4. Along with the enhanced incident reporting, you must submit an analysis of the incidents seen, to include the following details:
 - All incidents should be reported including all minor dermal and ocular irritation reports.
 - Summary table for cats showing number of incidents of each severity code for each route of exposure. Each incident should only be reported once. If one incident has several routes of exposure, the order should be ocular > oral > dermal. In other words, an incident with both oral and dermal exposure would be reported as oral exposure, and an incident with both ocular and oral exposure would be reported as ocular exposure.

- A similar summary table for dogs (misuse or secondary exposure) showing number of incidents of each severity code for each route of exposure.
- Summary table for dogs and table for cats showing number of incidents that are believed due to secondary exposure (e.g., multi-pet households).
- A summary table for cats showing number of incidents for each severity code for these age ranges: <3 months, 3-6 months, 6-9 months, 9-12 months, 1 yr, 2 yr, 3 yr, 4 yr, 5 yr, 6 yr, 7 yr, 8 yr, 9 yr, 10 yr, 11 yr, 12 yr, 13 yr, 14 yr, 15 yr, >15 yr.
- A summary table showing the number of cat incidents for each severity code for each pet weight range on the product label, as applicable.
- A summary table for cat weight showing number of incidents for each product weight range. This table should show number of incidents in cats weighing less than that product weight range, number of incidents in cats in lower half of weight range, number of incidents in cats in upper half of weight range, and cats weighing more than the product weight range, as applicable.
- Table showing number of incidents for each cat breed, where provided.
- Table showing number of incidents in cats for each clinical sign.
- Table showing number of incidents in cats for each organ system.
- Report aggregate incidents, but do not combine moderate and minor incidents.

If EPA determines that future mitigation measures are necessary for all pet spot-ons, the Agency will inform registrants. If mitigation measures are necessary, EPA may take regulatory action.

5. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 92413-1.”
6. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSF(s):

Page 4 of 4
EPA Reg. No. 92413-1
Decision No. 542804, 577975 & 588238

- **Basic CSF dated 9/15/2022**
- **Alternate CSF 1-27 dated 9/15/2022**

If you have any questions, please contact Autumn Metzger at 202-566-2830 or Metzger.autumn@epa.gov.

{END - FRONT PANEL}

{BACK PANEL/SIDE PANEL OF CARTON}

[[Brand name][This product] contains Fipronil and S-Methoprene [insect growth regulator] [IGR] to effectively kill fleas and ticks. [The active ingredients in [Brand name][this product] features a formula for long lasting control of fleas, ticks, and chewing lice for [1 month][4 weeks] on cats only.]

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON CATS AND KITTENS OVER 8 WEEKS OF AGE AND OVER 1.5 LBS**

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. CAUTION. Harmful if swallowed. Causes eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

HAZARDS TO DOMESTIC ANIMALS. For external use on cats only. Individual sensitivities, while rare, may occur after using any pesticide product on cats. Certain medications can interact with pesticides. Do not treat your cat with more than one pesticide product at a time. Over dosing your cat can result in serious illness and even death. Consult a veterinarian before using on medicated, debilitated, or aged cats. Can be used on breeding, pregnant, or lactating [cats] [female cats] [queens]. Consult a veterinarian before using on cats with known organ dysfunction.

FIRST AID
If Swallowed <ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the poison control center or doctor.• Do not give anything by mouth to an unconscious person.
If In Eyes <ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
If on Skin <ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER <p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-775-9416 for emergency medical treatment information.</p>

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DO NOT ALLOW CHILDREN TO APPLY PRODUCT. TO PREVENT HARM TO YOU AND YOUR CAT, READ ENTIRE LABEL BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY.

RESTRICTIONS

Do not use on rabbits or animals other than cats. Do not use on kittens under 8 weeks of age. Do not apply to cats weighing less than 1.5 lbs. Do not apply more than one applicator[tube][vial] per treatment for one cat regardless of the cat's weight. Use entire contents of applicator[tube][vial] on each cat. [Do not split one applicator[tube][vial] between two cats.] Cat must be dry at the time of application and remain dry for 24 hours after application. Do not allow your cat to ingest this product. Separate the treated cat from all other cats and dogs for 24 hours after treatment has been applied to allow product to dry thoroughly.

{Note to reviewer: A box labeled "Side Effects" is located in the lower right-hand corner of the back panel}

Side Effects: Monitor your cat after application. [Some cats may experience temporary startle effects when any product is applied.] Cats may experience some temporary irritation at the site of product application such as redness, scratching or other signs of discomfort. If signs of sensitivity occur, bathe your cat with a mild soap and rinse with large amounts of water. If these or other side effects occur consult your veterinarian or call 1-800-775-9416. If your cat has an unusual reaction to the initial application, consult a veterinarian before repeating application.

{How to Apply Icon}

[Clip. Part. Squeeze.]

[Easier-than-ever applicator[tube][vial] lets you **clip** the tip, **part** the fur and **apply** directly to the skin – putting flea protection where it needs to be.]

Application Instructions

How to Open:

{OPTION 1, If package contains strips of 4}

1 Tear through perforation

2 Fold back the safety tab

3 Cut with scissors to open applicator

{OPTION 1, If package contains strips of 3}

1 Tear through perforation

2 Fold back the safety tab

3 Cut with scissors to open applicator

{OPTION 1, If package contains individual applicators}

1 Fold back the safety tab

2 Cut with scissors to open applicator

{OPTION 2 CRP package for retail package of 3 or 6 count, all fill volumes}

TO OPEN:

1. Bend at perforation and tear off first tube[applicator][vial].
2. Hold tube upright away from face and body and use scissors to cut off the tip of the applicator[tube][vial]
3. Apply
4. Discard empty tube[applicator][vial]

How to Apply {for either CRP option}:

1. Invert tube[applicator][vial] over cat and use open end to part cat's hair.
2. Apply contents of one applicator[tube][vial] of [Brand name][this product] as a spot between the shoulder blades. Squeeze applicator firmly to apply all of the solution to the cat's skin.

[Look at the Label (Look at the Label icon) [Easy] 6 Step [Easy] [Spot On] [Squeeze-On] [Topical] Checklist]

- [1] Read the label completely and follow directions
- [2] Weigh [your] cat
- [3] Do NOT use this product on dogs.
- [4] Do NOT treat with more than one pesticide product at a time
- [5] Separate the treated cat from other pets after treatment [application] to avoid chance of ingestion
- [6] Do NOT split applicators[vials][tubes] between cats [and use the ENTIRE tube[applicator][vial]contents]

FREQUENCY OF APPLICATION

Use [Brand name][this product] monthly for control of flea, tick, and chewing lice infestations. [Studies show that] [Brand name][this product] kills adult fleas and ticks for up to four weeks. Apply monthly if your cat is at high risk for flea reinfestation [, or in a highly infested environment]. Apply

monthly to control chewing lice. [Brand name] Allow treated area to dry thoroughly for 24 hours. Do not reapply for [30 days] [4 weeks]. [[Brand name][This product] can be used on breeding, pregnant and lactating (queens) (female cats).]

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Do not remove applicator[tube][vial] from the pack until ready to use. Store in a cool (below 77°F/[25°C]) dry place inaccessible to children and pets. Do not refrigerate. Protect from direct sunlight.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. If empty: Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
